**Regarding Application No. 10/000,360**

**GROUP 3600**

Thank you for your efforts on behalf of my Patent Application.  
I have tried to rework my claims but if needed would respectfully like to request your assistance in drafting claims that are more suitable to my idea. I had hoped that this idea would have fallen under a new use category and not been an infringement on any other invention. Please accept my apology for the inexperience and unorthodox format with my first attempt to secure a patent on my own.

Sincerely

*Alfred B Levesque*
